# RECEPTAL® Twist Liners

The RECEPTAL Twist liner is a patented all-in-one waste fluid collection and solidifier solution available in 1.5 and 2 L sizes, in both VAC-GARD® and non-VAC-GARD options.

After a procedure, simply twist the integrated and preloaded Solidifier Dispenser Cap at the top of the lid clockwise 180° to easily and safely release solidifier into the liner. The Twist eliminates the need to open ports, creating a closed system where waste fluid is safe, sealed, solid and ready for disposal.

- Premeasured, preloaded and contact-free Solidifier Dispenser Cap
- Integrated solidifier eliminates the need for open ports
- All-in-one solidifier and liner solution reduces costs associated with extra inventory
- 100% leak tested seamless liners minimize risk of contamination
- Non-sterile, BPA-free, not manufactured with natural rubber latex
